

Meeting: 2021.3.31 Wed 12pm

Update (What's get done):

Charffy: changed the icon of the app; keep working on displaying profile features.

Caleb: Keyword searching, looked briefly at Alex's suggestion of color coding each different type of trial in the searching activity

Ananya: Still working on showing map of trials

Marzookh: finished the mean part for stats part of trials

Anthony: Researched about other Qr code functionalities

Anisha: Halfway through unpublishing an experiment

Sprint Planning:

User Stories (updates):

Assigned tasks:

Charffy: finish profile feature; add a splash screen (better with animation, if it is so hard, just show a picture)

Caleb: Keyword searching user story

Ananya: Finish functionality of location, help with UI maybe

Marzookh: Finish other user stories related to trials

Anthony: Finish user stories for Qr codes

Anisha: Unpublish the exp, and try doing another owner functionality

Before next meeting:

1. Keep working on individual tasks

Planning for next meeting:

1. Get feedback from TA.
2. Write feedback notes.
